

Martial Arts has been proven to help children become better students at school and in their communities. Martial Arts helps children, teens and adults develop more discipline and gives them the confidence they need to be successful in meeting their goals. Taekwondo America is proud to be hosting the North Carolina Championship Tournament July 21, 2018 at Cannon School and needs your help! Our goal is to provide a safe and cost effective experience where these children and adults can demonstrate their skills as they compete with one another.

We are seeking businesses and interested individuals to sponsor the tournament. This is a great opportunity for recognition with local and regional families in an excellent demographic group or to show your support of your favorite Taekwondo student! We expect our Regional Tournament to include over 300 competitors from Taekwondo America schools across the Charlotte, Concord, and Lake Norman areas . Additionally, we expect over 500 families and friends in attendance.

Sponsor logos will be placed on ring signs, included in all publications (print and digital) and placed on banners at the tournament site, depending on sponsorship level.

Please consider supporting this important event and show our students that Greensboro and other businesses and families are proud of their hard work and dedication to the martial arts. Regardless of your sponsorship donation, you will be helping to inspire and mold the future leaders of our area.

Please contact Sean Wilson for more information.
